PSLE 2021: Supporting Students and Parents in Making School Choices

The new PSLE scoring system will be implemented this year. This is part of the Ministry of Education's (MOE) efforts to shift away from an over-emphasis on academic results by reducing fine differentiation of students' examination results at a young age. To support the first batch of students and their parents in making informed choices when choosing secondary schools, MOE has released the indicative PSLE Score ranges for individual secondary schools, based on the 2020 P6 cohort's PSLE results and school choice patterns at the 2020 S1 Posting Exercise on 27 April 2021. Please refer to the news release on MOE website for details.

We will be holding an online briefing session with our P5/P6 parents on 7 May 2021. Details had been shared with our P5/P6 parents via Parents Gateway on 27 Apr 2021.

Early Dismissal for Muslim Students on eve of Hari Raya Puasa (12 May 2021)

This year, Hari Raya Puasa falls on Thursday, 13 May 2021. All Muslim students may be dismissed at **10.30 am** on the eve of Hari Raya Puasa, Wednesday, 12 May 2021 if the consent is received from the parent.

If you wish to let your child/ward be dismissed early at 10.30 am on 12 May 2021, please submit your consent by completing the form via this link <https://form.gov.sg/608b552a009ce60011acc594> or QR code by Thursday, 6 May 2021. If no consent for early dismissal is received for your child/ward, he/she will be dismissed at 1.30 pm on 12 May 2021 as per normal.

If your child/ward is taking school bus service, please make your own transport arrangement on 12 May 2021 if you had opted for early dismissal for your child/ward, as there will be no school bus service at that timing.

We wish all Muslims a great celebration on this festive day. Selamat Hari Raya!

Singapore Amazing Flying Machine Competition

3 groups of students from Primary 4 to 6 had participated in the Singapore Amazing Flying Machine Competition (SAFMC) organised by DSO National Laboratories and Science Centre Singapore. Our students had the opportunity to explore the Science behind flight and create their own flying machine by designing and folding paper planes to achieve the longest, farthest and most accurate flight. As part of the competition, they had to complete a video of them folding their paper planes and testing their planes. All 3 teams had gone into the Finals, which was held on 29 Mar 2021 at the Science Centre. We are pleased to inform that our P6 team comprising of Charles Benedict Sabiniano Cafirma, Sam Robbie Singca Barrera and Arkar Moe Aung had come in 2nd for the Presentation Award.

Implementation of TraceTogether-only SafeEntry in schools on 1 June 2021

As part of the nationwide contact tracing efforts, TraceTogether-Only SafeEntry (TT-only SE) will be implemented on 1 June 2021 across all premises in Singapore, including schools.

While TT-only SE will be implemented in schools on 1 June, there is **no change** in the use of the TT token/app in schools for your child / ward. Students will **not** be denied entry to schools if they inadvertently forget their TT token/app on occasion. Kranji Primary will continue to use our internal system for attendance-taking, and students will not be required to scan their TT token/app to enter school. Nevertheless, we strongly encourage you to continue reminding your child/ward to have his/her **TT token or app** with him/her in school as this facilitates faster and more accurate contact tracing. It is required for participation in out-of-school activities where SE check-ins via the TT token/app are necessary.

Students are encouraged to take good care of their tokens, and can personalise their tokens with their name and class to prevent losing them. For replacement of faulty or lost tokens, or if you had previously not requested for a token, you can proceed to your nearest CC for a replacement or new token, or contact the TraceTogether hotline (6973 6511) should you require further assistance.

You can refer to the below links for further information:

- MOE FAQs for implementation of the TT-only SafeEntry and other safe management measures in school <https://www.moe.gov.sg/faqs-covid-19-infection>
